All directions begin by turning left from Breitenbush onto FS-46/Breitenbush Rd and turning either left or right onto OR-22.

Ends with a beautiful view. **Turn left onto OR-22 E toward Bend, drive 16.9 miles. Turn left on Marion Creek Rd. Go 0.4 miles to the trailhead, on the left. Look for sign "Trail #3431."**

**TAMOLITCH FALLS:** (which has the famous Blue Pool) is about an hour drive. **WOODPECKER RIDGE TRAIL:** This is a 3.3 mile round-trip out and back trail near Idanha, Oregon, with beautiful seasonal wildflowers. A moderately challenging route, most finish in 1.75 hours. This trail is great for birding, and usually unpopulated. Some fire damage, some sunny exposure. **Turn left onto OR-22 E toward Bend, drive 12.3 miles. Turn left onto Pamela Rd for 0.3 mi, then take the next left onto FS-040. Drive for 4.2 miles to arrive at the trailhead on the right.**

## NEARBY HIKES

(can walk to)

**Note: Beware of fire damage off the roads, please stay on the roads, do not bushwhack!**

**Breitenbush Campground:** Can be inhabited by campers, but also lovely for walking through. Beautiful old growth trees and well-maintained forests offer a park-like experience. Great for young ones.

**FS-46:** This is the main road you drove in on, and it is great for walking, as there is not much traffic and it is green by the road where the Breitenbush turnoff is. Go left or right for more forest service road offshoots (just look for signs that indicate open or closed). Can be accessed from the gravel road that led you here, which is also nice for walking.
